Senator Burton,

Thank you for calling regarding the forum you have arranged in Bell County for Senate District 24 candidates.

As I'm sure you are aware, in a near unanimous vote, the Bell County Republican Executive Committee passed a resolution expressing their collective disapproval of people from outside the Central Texas region, principally from the Dallas-Fort Worth area, engaging in activities to influence this election. They further stated their expectation is that our State Senator will remain beholden ONLY to the people of Senate District 24. My stated commitment is to serve the people of this district and no one else, therefore I am honoring the wishes of the folks from Bell County and will not be attending this forum.

Respectfully,

Jon Cobb
