### **Trump Texas Campaign Announces Texas Strategic Advisory Board**

HOUSTON - Trump Texas State Chairman Lt. Governor Dan Patrick announced the expansion of the statewide leadership team advising the campaign as part of a Texas Strategic Advisory Board.

"I am excited and optimistic about our chances this November. With Donald Trump leading the polls nationally and in many of the battleground states, this is the right time for our party to come together," said Patrick. "Together we will continue our momentum to elect our party's nominees and ensure a strong Republican victory in Texas, from the White House to the Court House."

Joining Patrick is former Gov. Rick Perry, serving as Honorary Co-Chairman, and Toni Anne Dashiell, who will serve as Vice-Chair for the Trump Pence campaign.

"The direction of the Supreme Court, and the future of this country, is at stake in this election. Donald Trump will appoint Conservative Justices to the Court. His opponent will not," said Former Governor Rick Perry.

Also joining the leadership team is Ag. Comm. Sid Miller, RR Comm. Ryan Sitton, Sen. Donna Campbell, Sen. Lois Kolkhorst, Rep. Byron Cook, Rep. Charlie Geren, Rep. Todd Hunter, Rep. Geanie Morrison, Rep. Larry Phillips, Rep. James White, Wayne Christian, TPPF President Brooke Rollins, Texas Federation of Republican Women President Theresa Kosmoski, businessman Rick Figueroa, RPT African American Engagement Director R.W. Bray and Texas Asian Republican Assembly President Andy Nguyen.

Patrick said the Texas Strategic Advisory Board would continue to add members to execute various roles – including leading recruitment efforts for supporters to volunteer to call swing voters in battleground states using the campaign's new phone from home program, Trump Talk, as well as physically deploy out of state as part of the "Mighty Texas Trump Strike Force." The campaign continues to encourage volunteers to download the new "America First" smartphone app.
