Patrick Files Another Record-Breaking Fundraising Report
Nearly \$19.5 Million Cash on Hand

HOUSTON TX – Texas Lieutenant Governor Dan Patrick will report raising \$4,982,662 in the second half of 2020, bringing his campaign war chest to \$19,445,941. Patrick has raised more in campaign funds than any previous Lt. Governor in Texas history.

“I am grateful to have received this incredible support. 2020 was a very difficult year for businesses and our state economy, but we know Texas is coming back stronger than ever. I have spoken to business and grassroots leaders across the state and am so proud of their confidence in my leadership. They share my commitment to Texas values – life, liberty, low taxes, reasonable regulation, and a climate where businesses can create jobs and all Texans can thrive.

“The Texas conservative majority spoke loudly in November, voting to keep the Texas House and Senate and all statewide offices in Republican hands and I am confident we will keep the streak alive in 2022. I remain honored to serve as Lt. Governor and look forward to running for re-election.”

More information about Dan Patrick is available at www.DanPatrick.org.
