AUSTIN - Today, the Jerry Patterson for Lieutenant Governor campaign is releasing a dominating list of grassroots endorsements from State Republican Executive Committee (SREC) members.

Among SREC members who are currently endorsing in the race for Lieutenant Governor, Commissioner Patterson has more endorsements than all other candidates combined.

They represent millions of Republican voters who are demanding new leaders and new attitudes in government at every level. Their endorsements are coveted and prized on every statewide race and I'm truly grateful to have earned their vote of confidence in the ultimate success of my campaign."
