May 4, 2016

Mr. Shape,

I received your letter dated April 27, 2016 and although we were interested to learn about the various affiliations of NAU and your participation in Department of Veterans Affairs' programs, the questions raised to Dr. Buckingham remain unanswered. We respectfully ask that you respond immediately to the following:

Did National American University ever receive potential veteran enrollment "leads" generated by QuinStreet, GIBill.com, or any other entity named in the 2012 U.S. Senate "HELP" Committee report?

If you did receive these "leads", what was the contractual relationship between NAU and the firms providing the "leads"?

Over what period of time did NAU participate in working with any of these firms?

Your prompt attention, and response to these questions is critical to the student veteran members of the Texas Coalition of Veterans Organizations.

Sincerely,

James Cunningham, Chairman  
Texas Coalition of Veterans Organizations
